RESOLUTION

Recommended for adoption by the cemetery committee, J. C. Tinkey, F. S. Baughman and Mrs. Nettie Sheets.

Whereas, the Tinkey cemetery, located one-half way between Bellville and Butler, Richland county, Jefferson township, Ohio, is in need of perpetual care and it is the lawful duty of the trustees of said township to keep it in a respectable condition, and whereas, the Tinkey annual reunion assembled at Johns Park, Mansfield, Ohio, agrees to assist with this work by authorizing the said trustees to reduce the size of the cemetery by disposing of the surplus land and only keep enough to enclose the 15 graves now there. As none have been buried there for more than 70 years and not likely ever will be again. The proceeds of the surplus land to be used to provide a walk and steps from the road to the graves and the upkeep of the small cemetery.

Therefore be it resolved, by the members of the 26th annual reunion of the Tinkey family at Johns Park, Mansfield, Ohio, this 25th day of August, 1946, that this resolution be adopted, and copies signed by the president and secretary shall be mailed to the said trustees, secretary, Marie Horn, Bellville, Ohio; the county commissioners, Mansfield, Ohio, and entered upon the records of this reunion.

Adopted by unanimous vote of the 75 members present.

SUPPLEMENT TO THE TINKEY AND MARTIN BOOKS OF 1944

MISCELLANEOUS REPORTS PERTAINING TO
THE TINKEY AND MARTIN FAMILIES

By J. Calvin Tinkey, Mt. Vernon, Ohio, August, 1945

The terrible World War No. 2 has ended with the unconditional surrender of Italy, Germany and Japan. Moussolini of Italy is dead. Hitler of Germany has mysteriously disappeared. Hirohito of Japan agreed to allied terms, but is stalling and Gen. Douglas McArthur, the commander-in-Chief, has commanded quick action henceforth in signing the agreement and complying.

Franklin Delano Roosevelt died suddenly and was succeeded by Harry S. Truman as president of the United States. Winston Churchill lost out on the election and was succeeded by Clement Atlee as Prime Minister of England. Joseph Stalin, Premier of Russia, entered the war against Japan recently and is now fighting in Manchuria. The combined effort of Generals Eisenhower, McArthur, Admiral Nimitz and others, with their loyal forces, and with the terrible atomic bomb, brought the enemy under control. God has granted U.S.A. victory in answer to our prayers. We should keep on praying for a lasting peace so that we will have a better world in which to live.

The following corrections and additions will, when placed in your books, give you a complete record of the Tinkey and Martin families as far as it is known to date. I recommend that someone other than the writer be appointed to write the record in this manner each year. Each person having a book and all should have one as far as the supply will reach, and make an entry of all items of special interest, such as births, marriages and deaths. BOOK ACCOUNT

This will inform you that the Tinkey Book of my fathers ancestry of 1922 and the Supplement of 1911 containing 51 pages, with 37 photographs of 200 people and the Martin Book of my mothers ancestry of 1944 with 23 pages containing 35 photographs of 134 people are books that many people, even though they are not of the kinship will wish they owned as the years go by, especially after the supply is gone, when no more can be had, unless some one prints another revision. I desire to end this work and close my books before I close my eyes for the last time. Your cooperation is very much desired.

The book account on August 1st, 1945, is as follows:

J. CALVIN TINKEY 1870-
Taken in 1936

Yes, you guessed right - way back in 1913, with Fairy, Russell,
Maggie and her sister Jennie

Grandfather John Martin was a blacksmith, also Geo. W. Tinkey. See him and his helper leaning on the broom handles.

Now who will volunteer to supply books to the libraries at Wooster, Ashland, Mansfield, Ohio, Warsaw, Ind., Washington, Pa., Jacksonville, Ill., Nevada, McBoise City, Oklahoma, or any other place that you may desire. Will keep a record of all and by whom supplied, the reunion should assist with this distribution. Any person supplying a Tinkey or Martin book I will supply a Tinkey or Martin book with their gift. The Tinkey, Martin families are closely connected with the large Leedy families who might appreciate a book. My Aunt Elizabeth Martin married Simon Leedy and Elizabeth Leedy married Clay Dean Martin and both raised large families.

Some persons are not disposing of their assignment of books in both families and are returning them to me and others are disposing of their allotment and sending for more which shows a fine spirit of cooperation. As I look at the proposition, the books were requested by members of both families and even voted for at three of the Tinkey reunions, it now seems to me that after I have done about my share or even more in paying all expenses of composition, paper, printing, postage, making of the engravings, which was a large item of expense and many miles traveling by automobile, gathering data, doing the compiling and proof-reading and donating many books as shown by the report, and even if all the rest of the books are sold and the engravings bought as outlined, I will have to stand a further loss or expense than already shown in the report. The books really should have been priced above the actual cost, perhaps twice the price quoted, then if all were not sold, it would have nearly paid the first cost that I have paid out of my own pocket.

I know of children that want the books for they have told me so, even saying that when they got the money they would buy a book, their parents could do no finer thing than to make a Christmas present of the books, I know of parents buying brie-a-brac and other dirt catchers and giving to their children for Christmas to hang upon the wall, when with that should go a Tinkey or Martin book that they will appreciate more and more as the years come and go and they will help to mold the family ties.

Four persons, after having seen the amount of work required and the expense involved, have made donations to the book fund in addition to books bought, saying for me to give them to libraries or to any person saying, "They desire a book but unable to pay at this time." This plan has been done and will continue to be done as long as the supply lasts. State or write me your request to 109 E. Ohio Ave., Mt. Vernon, Ohio.

REPORT OF THE OLD TINKEY CEMETERY

A suggestion was made in the Tinkey supplement on page 22 to have a committee investigate the old Tinkey cemetery one-half way between Butler and Bellville, Ohio. About June, 1945, Mr. Ed Tinkey, president of the Tinkey reunion, appointed J. C. Tinkey, Frank Baughman and Nettie Sheets on said committee, and as chairman I am reporting for the committee as follows: After due consideration, we decided, because of some legal matters not to recommend the abandonment of the cemetery but to cooperate with the Jefferson Township trustees whose legal duty it is to take care of the cemetery in a proper manner, as it is upon the county auditor's record at Mansfield, Ohio, as being transferred to the Richland county, Jefferson township trustees. The cemetery has not been upon the county engineers or recorders map all these years and the engineer is placing it upon the new map now being made. We did find a plat of a Frederick Tinkey cemetery among the plats of county cemeteries, which records it contains 48-100 of an acre in Jefferson township but no deed or other paper could be found establishing this cemetery and it has been legally decided that none was necessary, however a record of deed was found conveying a portion of this cemetery from Frederick Tinkey to the Mohican or Lutheran church and the foundation marks 20x36 ft. can be seen to this day where the church once stood more than 70 years ago. There is no legal doubt but that the membership has disbanded and the land reverted back to the cemetery by right of the lapse of years. Therefore your committee is now working upon a plan to reduce the size of the cemetery from about 100x200 ft. to about 30x70 ft., just large enough to include the 15 graves now there and to revert the rest back to farm land, then have the trustees whose right is established, to erect a fence and keep the cemetery in a respectable condition as required by sections 3465 to 67 of the General Code of Ohio. The Tinkey descendants should cooperate with the trustees in doing this was done as an endowment forever.

INTRODUCTORY

The history of the Tinkey ancestry in book form was first conceived by the author in the fall of 1921, and later on the idea was conveyed to his brothers, George W. and N. Elmer Tinkey, and in the springtime of 1922 to the Rev. George W. Willis and the other officers of the first reunion in committee assembled, who approved the plan and agreed to assist with the work of securing the data required for the history; many others assisted, to all of whom we are indebted for information and all of which took more than a year to complete.

This book is issued, not as a work of art or literary merit but as a record in which to preserve the salient points of the Tinkey genealogy and some of their activities. In the pursuit of knowledge for such a work as this where the principal source of information has been gathered from record, traditions and memories by correspondence, no doubt errors will be made, but have endeavored as far as possible to rectify and harmonize them and offer them as facts, to be preserved until another shall build upon this foundation a completed structure.

If we have succeeded in making this book interesting and instructive to the present and future generations, it will amply repay for all the effort made in the compilation of this book. With this word of introduction, will place the book into your hands and be pleased to dedicate this work to the posterity of the Tinkey family.

THE TINKEY ANCESTRY

by Geo. W. Willis, D. D., of Cleveland, Ohio.

Mr. George Tinkey, the ancestral progenitor of the various Tinkey families of Ohio, was a native of Germany, from the province of Hesse. He and his brother John emigrated from their fatherland to America about 1756, or maybe earlier. This great grandfather settled in Washington County, Pennsylvania, but we do not know where his brother settled down. It is too bad that the complete history of these forebears have not been handed down to their posterity, but doubtless they were excellent men and of just the right type to become early settlers and pioneers of the vast new country of America. The parents of these German ancestors remained in Germany, but their full names and place of abode are unknown. It has been rumored that they became wealthy and willed their property to their son Jacob, who remained in Germany. None of his descendants came over to our country so far as we know.

However, a certain John Tinkey owned 150 acres of land in York County, Pennsylvania, in 1779; also owned land in Washington County, Pennsylvania, later and in 1801. His estate was divided after his death in that county. It looks as though he was the one who came over with George Tinkey, and in that case was a brother. There were Thomas Tinkey of York County, Pennsylvania, and James Tinkey of the adjoining or nearby county of Bucks, who both took land there in 1743. Perhaps these were near relatives or brothers, but unfortunately we are unable to determine. Nevertheless these different Tinkeys all seemed to become settlers in colonial Pennsylvania, about or near the middle of the 18th century, that is between 1743 and 1756. Why they settled in different counties or sections of the province we know not. That may have been due to the influence of friends who induced them to come to America and settle in their favorite sections. Anyhow they doubtless found that Pennsylvania was a veritable Promised Land.

Whilst but very little is known of George Tinkey, the ancestor of Ohio Tinkeys, nothing whatever is known of his wife or of her people, but we quite naturally infer that she likewise was of German origin.

There was born to this German couple, Mr. and Mrs. George Tinkey, a son, who was named Frederick Tinkey. He remained in his native Washington County until well along in manhood, and then moved to the beautiful state of Ohio, where he settled in Richland County on a 200-acre tract of land situated on the charming Clearfork River $2\frac{1}{2}$ miles from Bellville, and resided there till death. He was buried on his private burying ground, on a corner of his farm. He lived to the advanced age of 81 years, 7 months and 15 days, with all his teeth well preserved—certainly an unusual attainment, largely due to good sound health and correct living. He was considered a prosperous farmer and somewhat rich for those days. He was evidently both religious and generous, and had a union or community church on a corner of his farm with small private cemetery adjoining. He was married twice. Margaret was the name of the second wife, but her family history is not known, and the same can be said of the first wife, also whose name is unknown. He raised a good-sized family. By religious persuasion he was a Lutheran, although apparently broad in his Christian sympathies. Of his personal and family history but little has been preserved for his posterity. A modest marble tombstone marks his resting place upon the old farm graveyard. His children were John, George, Jacob, Noah, Mary (Polly) from whom have descended a large posterity scattered in different places and states. Many, however, are still residing in the counties of Richland, Knox and elsewhere in Ohio. Thus his numerous prodigy is traced downward to children, grandchildren, and even to one, two and three times great grandchildren.

As for each one of the grandchildren of Frederick Tinkey and wife who have had

families that may still have their own families also surviving them, it should not be difficult for these different adult generations to identify their own ancestors, from parents etc., backward to the eldest known ancestor.

Reverting to Germany to the parents of George Tinkey, our American progenitor, and tracing forward to the youngest generation of the present time, there are just eight generations, so that it might be said that the present youngest descendants have their Tinkey pedigrees traced back to their great, great, great, great, great grandparents.

In old Germany, the province of Hesse, from whence came some of the world's great soldiers and also honest plodding industrious people. The Tinkey traits of character seem to have inherited by each successive generation, so that we generally find the Tinkeys industrious frugal and well to do, also religiously inclined, and among the prosperous middle classes.

The Tinkey blood courses in the veins of many others who bear other names, as a result of marriage into other families and relationships. Thus a host could rise up claiming kinship with the Tinkey people. It would be impossible to give an unabridged write-up of the Tinkey ancestry and posterity, also of their collateral relationships, as it would require volumes. Therefore this brief epitome must suffice for the present. At least each grown-up of Tinkey blood, whether bearing the name or not, should have no difficulty in finding their ancestry.

"HOLY GROUND"

By George Washington Willis

They say this country "is of Thee,"
 The land so blest "the land of the free";
 The very thought fills me with glee—
 This glorious land—it just snits me.

Th's blessed place—this wondrous land,
 For her I'll always take my stand.
 Her blessings great are in demand—
 If you're for her, give me your hand.

Her flag is seen the world around,
 Her ships from ev'ry country bound;
 Her money and her works are sound,
 This is God's land—'Tis holy ground.

To this land came our good forbears
 From overseas—from everywhere,
 They heard glad freedom's trumpet blares—
 For all oppressed "our country" cares'

Dedicated to the Tinkey Relatives on the occasion of their reunion at Orchard Grove Park, near Lexington, Ohio, Aug. 10, 1921. By Rev. George Washington Willis, D.D., Evangelist and Lecturer, Cleveland, Ohio.

The Old Tinkey Cemetery

We are showing the old Tinkey graveyard after it was repaired in 1922. Most of these markers were nearly hidden from view. In the distance to the left is the old brick house (remodeled) of the Frederick Tinkey family. The large stone in the center is that of Frederick Tinkey, and the two in front are George and Elizabeth.

Record as taken from the tombstones in the above cemetery, located one-half way between Bellville and Butler, Ohio:

Frederick Tinkey, Died Sept. 23, 1859, Aged 81 Yrs. 7 Mo. 15 Days.

George Tinkey, Died Sept. 6, 1873, Aged 65 Yrs. 3 Mo.

Elizabeth, Wife of Geo. Tinkey, Died July 17, 1872, Aged 66 Yrs. 2 Mo. 15 Days.

Infant Daughter of James and Margaret Tinkey, Died Nov. 13, 1872, Aged 12 Days.

John B. Lighty, Son of Phebe A. McBride, Died Feb. 15, 1853, Aged 5 Yrs. 3 Mo. 17 days.

John Snider, Died April 15, 1852, Aged 61 Yrs. 9 Days.

Jacob Couter, Died Oct. 4, 1858, Aged 59 Yrs. 1 Mo. 18 Days.

Son of J. and S. Couter, Died April 12, 1851, Aged 3 Days.

Abraham Lahman, Died May 9, 1857, Aged 67 Yrs. 6 Mo. 9 Days.

Mary M., Wife of Abraham Lahman, Died Aug. 29, 1876, Aged 73 Yrs. 11 Mo. 6 Days.

Sarah, Daughter of A. and M. Lahman, Died Sept. 18, 1869, Aged 30 Yrs. 8 Mo. 15 Days.

John, Son of Joseph and Susane Snider, Died Sept. 2, 1943, Aged 2 Yrs. 4 Mo. 4 Days.

Levi, Son of Solomon and Mary Wagner, Died May 3, 1850, Aged 6 Yrs. 2 Mo.

John F., Son of Solomon and Mary Wagner, Died April 19, 1851, Aged 2 Yrs., 6 Mo. 26 days.

Sarah, B. R., D. Oct. 9, 1857, Ag. 0 Yrs., 11 Mo., 11 Days.

Several of the above inscriptions were nearly unreadable, but all were deciphered very accurately except the last one, and we give it as it is now. There is no doubt that all these are related to the Tinkeys except perhaps the last named, and we have recorded in this book, in their proper order, all that we are able to obtain of their connections.

THE TINKEY ANCESTRY

by J. C. Tinkey

Frederick Tinkey, as Rev. Willis has told you in his epitome, was twice married, but he was unable to get any trace of his wives, and as neither was buried beside him, a special effort was made to locate them. Have one report that first wife was buried in Washington County, Pennsylvania, and another that she was buried in Richland County, Ohio. Either may be correct, but exact place unknown. The second wife was located in the Bellville, O. cemetery on the G. S. Swank lot, and it is presumed that she was a Swank who married a Divelbiss, then Frederick Tinkey. The following inscription is on the tombstone: Margaret Tinkey. Died Sept. 6th, 1891, Aged 95 years. This makes year of birth 1796. The writer remembers seeing her and hearing people call her Peggy.

An effort was made to get a record of all the children and grandchildren of Frederick Tinkey, but only succeeded in getting the children of John, Mary (Polly) and George. Have some knowledge of the children of Noah, of near Warsaw, Indiana, and Jacob (known as Hunter Jake) in the Laurel Mountains of Pennsylvania. Both raised large families and no doubt their history would be interesting. Hope that some public-spirited relative adds their history to this work in the author's time of life.

Mary, more familiarly known as Aunt Polly, resided for many years in Bellville, Ohio, and unfortunately was left alone in this world. Her entire family, as you can see recorded in this book, preceded her to the better world, and the last three years of her life was at the home of the writer in Willard, O., who with a faithful wife that has recently gone to her rest, did their best for her until the end of her earthly life. Aunt Polly Wagner, who was a daughter of Frederick Tinkey, was buried in the Bellville, O., cemetery with the rest of her family except the two sons mentioned in the old Tinkey cemetery.

Will now endeavor to tell you something of George Tinkey, son of Frederick Tinkey. He lived in Washington County, Pennsylvania, and in 1849, with his wife Elizabeth, and their children, John, Jeremiah, James, Lovina, Ann and Susan, moved to Ohio in a big wagon and settled upon a 160-acre farm two miles south of Bellville, Ohio, near Honey Creek schoolhouse, leaving their two daughters, Elizabeth and Mary, remain in Pennsylvania with their husbands, James Thomas and John Gamble respectively.

The old wagon was a relic on the old farm for many years, and the old clock is on the wall of the house they built to this very day. The farm is still in ancestral hands, being owned by Mr. and Mrs. M. L. Paste (see record.)

As time went on, Lovina married John Gurney and moved to Huron County, Ohio. Ann married Abner Oldfield and remained on the farm. Susan married Jacob Fisher and moved to Holmes County, Ohio. John Tinkey was twice married, to Laura Culver and Caroline Davy, and lived near Alta, Ohio. Jeremiah married Druzzille Snyder and lived near Bellville, O. James married Margaret Martin and lived near both the old homes.

All these ancestors raised families and much could be written of them and their children, but space forbids. Just as a matter of coincidence, will state that the three sons of Jeremiah Tinkey reside in Mansfield, O., and are in the lumber business, and the three sons and daughter Edith of James Tinkey reside in Mt. Vernon, O., and for the last score of years have been in the bakery business. Also it is worthy of special mention that the traits of character written by Rev. Willis of the former generations are strikingly manifest in the later generations, and the writer is proud of the Tinkey family and can see wonderful progress of the clan. The outstanding fact is there is enough talent in the present family to provide an almost endless variety of entertainment. The committee of the next reunion would have no difficulty to provide a program 15 days in length of 12 hours per day, or of having any kind of work performed, from operating the

T. H. & W. Railroad, running a laundry large enough to do Chicago's washing on Monday, and still have enough energy left to supply New York City with gas.

This book would not contain all the record that could be made of all their children and grandchildren, and the author will leave this work for a more talented grandchild to complete. However, will give you a record of all the names of the Tinkey family, with year of birth and, if deceased, the year of death, as far as known, after many months of gathering data, by correspondence, horse and buggy, on foot, and by automobile at considerable personal cost, which, if all were added to the cost of this book, could not be purchased for less than the price of a good pair of shoes or an automobile tire for a flivver.

There is no doubt in the writer's mind that when George Tinkey asked for and received the hand of Elizabeth Swickard in marriage that he had no thought of forming a union of the whole Swickard family, or as sometimes stated in another way, marrying the whole family. But time has proved that there was a union of two great families formed that has never been broken to this day. This evidence is plainly seen when visiting among the relatives around Pittsburgh, Pa.—wonderful hospitality—the name Tinkey is the password that will admit you to any Swickard home with a glad welcome.

Begging your pardon for the personal mention, but read on and you may see the motive and learn a lesson from these two families and there could be named many more in the Tinkey unions. About 30 years ago another union was formed with the writer and Margaret Ellen Beamer Cole, who has recently been called to her heavenly home. But today the name Tinkey will welcome you to any Cole or Beamer home of the family. The thought meant to be conveyed is that the present and future generations should so guard their actions and profit by their forefathers' example that when they choose their companions it should be as God ordained it to be—for life. Then live daily by the golden rule and assist in maintaining the standard and dignity of the Tinkey family.

In closing this work and as a parting word to all who may read this book, want to leave with you confession of my faith in God and commend Christ to you. Follow Him. And if we should not meet again on our earthly journey of life, then in the heavenly, farewell,

Aug. 10. 1921.. Record of First Annual Meeting of the Tinkey Relatives, Held at
Lexington, Ohio.

In the spring time of the year 1921, it entered into the minds of some of the older members of the Tinkey families that it would be proper and right to attempt to hold a family reunion. Thereupon George and Frank Tinkey volunteered, after consulting with others, that they would act as a committee to arrange for such a reunion. The time, Aug. 10, 1921, and place, Lexington, O., at Orchard Grove Park, was thereupon arranged. Invitations were sent to as many heads of families as the committee had a way of knowing said names and addresses, with instructions for said persons to inform all known relatives to attend. By 10 o'clock on the morning of the date set for the reunion, and the weather being ideal as if made for the occasion, 116 of the relatives had responded to the invitation with well-filled baskets and happy hearts, ready to have a glorious day together. The forenoon was spent greeting old and new relatives and in preparing dinner, to which all did their best and enjoyed themselves.

Dinner cleared away, a business meeting was called to order by George Tinkey and a motion carried that J. C. Tinkey act as temporary chairman, who accepted with a pleasant greeting to all. Chairman asked for a secretary. Motion carried that George Tinkey be made temporary secretary. No program having been arranged, the chairman made up one. The meeting progressed as follows:

Song, Blest Be the Tie That Binds.

Prayer by Rev. George W. Willis, D. D., of Cleveland, Ohio, all joining in the Lord's Prayer.

Reading of poem by the chairman. Subject, "Growing Old."

Chairman then requested all to co-operate and as their names were called to come forward and stand together in family groups, so that all could see them and get acquainted. The secretary was instructed to take the names of each family separately and to complete a family record. This proved to be a very interesting and beneficial program. Opportunity was given for the voices of all to be heard and many responded, showing their pleasure of meeting together and getting better acquainted.

When the question of the possibilities of having another reunion came up for decision, a motion to hold the second annual reunion, time and place to be decided by the officers, carried unanimously.

Nomination and election of officers resulted as follows: President, J. C. Tinkey; Vice President, Mary Teeter; Secretary, G. W. Tinkey; Asst. Secretary, Andrey Tinkey; Treasurer, Frank Baughman; and a committee of Edith Beamer, Susie Paste and Frank Tinkey to assist officers on arrangements.

Our first elected president of a Tinkey reunion thanked the relatives for the honor conferred upon him and requested all to co-operate with the officers to make the second reunion a complete success.

Speeches were then in order, and several were made complimenting the fine spirit manifested in the meeting. When the call on the president for a speech was made he said that he had a friend in the crowd that would do his speaking for him, and introduced Rev. George W. Willis, who put plenty of inspiration and other good thoughts into the meeting. That we all feel like one great big happy family and that we were glad to be present. A motion carried extending a vote of thanks to Rev. Willis for his fine address.

The meeting closed by singing "God Be With You 'Til We Meet Again." Benediction by Rev. Willis. After the meeting adjourned and visiting was in order until time to return to our homes and have more time to think of the wonderful day spent together. We expect this day to echo and re-echo for many years to come.

Orchard Grove Park, Lexington, O., Aug. 12, 1922. Minutes of the
Second Annual Reunion of the Tinkey Family.

The morning being ideal, relatives began gathering early to greet the next arrival. Many a surprise in store as to whom the next machine would bring and by noon there were 150 on the ground. When dinner was called, it did not take long to get everybody seated, after which Rev. David Cox returned thanks. You all know that the Tinkey relatives are all good cooks as well as bakers. We all did the best, of course to our capacity, and that seemed to grow for the occasion. The president announced the program for the day.

Dinner over, it was balloons for the babies, candy for the ladies, and horseshoe pitching for the boys and men. Some very exciting games.

When our president called for order and made a few remarks and announcing time for the business meeting. After singing America, Bessie Cox offered prayer. President gave a report of the year, which was voted to be put on record. Minutes of last meeting read and approved. Song by the Cox family entitled "Mortgage the Farm," which everyone enjoyed so well they had to give an encore. The Spelling Song. Both were fine. The crowd wished for more. Song by the Tinkey quartet, "Judgment Day," with encore called for, but lack of time forbade it. Questions put to the relatives to compile family records and print them in book form—200 books for \$1.50 per book, with photo of the reunion (147 persons) and as many as wanted to have groups or single cuts made. Motion carried. Call was made for guarantee of 100 books to meet expenses. Relatives guaranteed 83 books, which was only 17 short of the amount required. Being so near, the committee felt justified in going ahead and completing the book. Roll call in order to make corrections before printing book. Reading by David Cox.

The following officers were nominated and elected by acclamation for the year: President, Monroe Tinkey; Vice President, W. J. Tinkey; Secretary, N. E. Tinkey; Asst. Secretary, Anna Dill; Treasurer Anna Baughman; committee, Carl Tinkey, Rev. G. W. Willis, Anna Allen.

Motion carried to hold a third annual reunion, time and place to be decided by the committee.

Poem by Rev. Willis, "Dear Old Flag," followed by short address. After singing "Nearer, My God, to Thee," Rev. Willis pronounced the benediction.

Next in order was the group picture, and you can see everybody was looking for the little birdie by the smiles on their faces. Then a treat of ice cream and cake and a good social day when good-byes were said, came to a glorious end long to be remembered by all.

MRS. DAVID COX, VIRGIL, VINOL, REV. DAVID COX

Lexington, O., Aug. 12, 1922—Your president, on behalf of the committee which includes the officers and the special committee of three, desires to submit the following report. We were pleased with the large attendance and interest manifested at our first reunion last year. We are now glad to see such a large attendance this year. We bid you welcome and hope our association together will be both pleasant and profitable.

Much has been accomplished this first year of our reunion, which we believe will pass on down to our posterity that will give us due credit and let the following generations know that we not only looked after the present but also of the future generation. Not counting the ties of friendship and many other things, the two outstanding accomplishments for the year are the repairs to the cemetery, which are finished and the family record, which is unfinished. Much has been done in compiling these statistics by your secretary and others, having now about 160 names, but in trying to execute your plans of last year we concluded before we got very far along with your request for a printed record of family history, that it could not be done any ways near accurate before another reunion was held. And this matter was taken up by your committee on May 11, 1922, in a meeting held at Susie Paste's, Bellville, O., to decide place and time of this reunion and to purchase supplies and make proper arrangements. After debating the question of family record we finally decided to recommend that this reunion reconsider this matter and authorize the completion of this record in book form, together with reunion and ancestral pictures (at the expense of the reunion fund) and any others that would furnish a cut, the whole expense to be met by the sale of books, thereby making it possible to maintain the expense of future reunions by the sale of books. This matter will be gone into in detail a little later as new or unfinished business.

We desire to further report that when we visited the old Tinkey cemetery, about half way between Butler and Bellville, and saw its dilapidated condition, that the briars and weeds were as tall as a man's head; how the graves were sunken and the markers nearly hidden from view; and how, no doubt, animals had broken the tombstones in two and the pieces were nearly buried in the earth, covered over with grass and weeds, and those that were not broken were covered with weather-beaten grime and standing crooked upon their bases and some of them settled into the earth entirely hidden from view, and knowing that our great grandfather, Frederick Tinkey, grandfather and grandmother, George and Elizabeth Tinkey, and about 12 other relatives of the Tinkey family were buried there, of which we now have a complete record and their names will be in the proposed book, with full known description and perhaps a picture of the cemetery as it looks today, after skilled hands have transformed it into a respectable condition—we felt it our duty to provide ways and means to accomplish this work, and we are pleased to report to you today that we have finished our task and are no longer ashamed to invite you to visit the old cemetery and witness the result of our year's accomplishment. We also suggest that our successors give this enough attention in the future to keep it in good condition, and never again allow it to become in a condition that it was in for at least 30 years past.

We realize that we have created a debt of no small amount against the reunion, but since we only needed a small amount for our first reunion and that future reunions will only need a nominal sum, or no collection at all if book proposition is adopted, and every person will get value received for their money in the purchase of books and at the same time have a souvenir the rest of their lifetime that money could not buy! Give this proper consideration and we believe you will help with your means to clear our expenses.

We recommend that you elect an entirely new set of officers and committee, and that another reunion be held next year. In conclusion, we want to thank all for your co-operation and assistance in making these reunions a success, especially the following, who helped the committee by volunteering their services in repairing cemetery: M. L. Paste, Monroe Tinkey, Arnell Tinkey, Huron Tinkey, Rev. Willm and the Trustees of Jefferson Township, Hamilton County, O.

J. C. TINKEY, President.

Special preparation was made and this picture was taken by Huron Calvin Tinkey, son of George Tinkey, on the 12th day of August, 1922, on the reunion at Lexington, Ohio. Because of the failure to get a good picture by the attempted operation of another at the camera and not being able to get the picture in the group, we are placing his picture in the book, in appreciation of the splendid service he has rendered to the Tinkey family.

MONROE AND ELMA TINKEY
1922

There is a Tinkey and he is a very good liver
Known all around by the name of Monroe.
He owns an automobile by the name of flivver
That sometimes the spark would not make her go.

One fine summer day he got her to sparking
And up the road for 'steen miles and a half
To Mansfield he did go, and without parking,
Brought right back home his better half.

He now lives in Bellville with his union,
And the town marshal says he is a good resident.
Hope you will all meet him at the next reunion,
As he is the duly elected president.

GROWING OLD

By J. C. Tinkey.

At six we well remember when
We fancied all folks old at ten,

But when we turned our first decade,
Fifteen appeared more truly staid.

But when the fifteenth round we run
We thought none old till twenty-one.

Then oddly, when we reached that age,
We held that thirty made folks sage.

But when our thirtieth was told,
We said, at two score men grow old.

Yet two score came and found us thrifty,
And so we drew the line at fifty.

But when we reached that age, we swore
None could be old until three score.

And here I am at fifty now,
As young as when at thirty, I trow.

Some are here at sixty and seventy,
And may live on till eighty or ninety.

'Tis true our hair is not very gray,
And that we do not need a cane today.

'Tis true no rogues gather about our lap
To say, when they speak, Grandpap,

But bless your souls, we are young as when
We thought all people old at ten.

Perhaps a little wiser grown—
Perhaps some old illusions flown—

But wondering still, while years have rolled,
When is it that a man grows old.

There is a Tinkey that is a good fisherman,
His initials reversed tell of the few he will get.
But fishing the errors out of this book takes a man
That does most of his fishing with a net.

The thought in mind is to compile the corrections
That are kindly sent in by one and all,
By so doing complete the family connections,
And mail out a leaflet by next fall.

This Tinkey could not accomplish the task by himself
Without appealing to you folks not in Tipperary,
So tell him all you can about yourself
And write it to the duly elected secretary.

UNION AND HOME

An ideal home is a satisfactory union which will make for better reunions. Home is more than a place to eat or sleep. It is a place in which to commune with loved ones -- a place to rest in, to think in, to grow in.

A home is not created by the placing of a few pieces of furniture in a house or apartment. It is created by the ideas, ideals, tastes and hopes of its founders. It is an expression of the personalities of its makers. Good taste in furnishings, which means beauty in the home and a cheerful, kindly atmosphere, are essentials of the ideal home. The value of good taste--of beauty in the home--as a builder of harmony in the lives of its inmates, cannot be estimated.

Just as seeing a beautiful sunset or hearing good music is a positive force for good in one's life, so living constantly in a place of good taste and beauty makes for harmony, fitness and cheerfulness in one's life.

The atmosphere of a home is an intangible thing and yet it is as perceptible as the warmth of a summer breeze, or the freshness of a winter wind. The atmosphere of a home is the mental and spiritual attitude of its inmates. If they be progressive and kindly, the home will express their geniality and broadmindedness. Good taste, plus a fine atmosphere, and with an abundance of God's love and sunshine, make the right combination for a happy home.

Making home is a good deal like planting a garden. If you discern wisely the need of your home, and have a beautiful conception of what your home may become, and work faithfully to realize this ideal you will indeed be the maker of a wonderful garden.

Into a good home, one transplants many of the customs, ideas, habits and manners of one's parents and friends. And then there are the important seeds to sow. The most important are the seeds of good taste, kindness, joyfulness, fairness, fidelity and hospitality. Once a home is fairly started, its builders must watch and tend it lovingly, and with faith and patience. They must not allow the thistle of constant bickering to take root and they must destroy the weeds of jealousy, discontent and inharmony.

If the garden of the home is planted wisely and tended diligently, in time its makers will reap the harvest of a truly beautiful home. A garden of flowers is an exquisite thing, but how much more wonderful is a beautiful Christian home. Once a member of a home and passing through this experience, with its many mistakes of omission and commission, one can then see where there could have been better seed sown, or a more kind word spoken.

To best overcome the daily strife,
Help along in the pathway of life,
Applying the art of taking and giving
And make this life worth the living.

While on this earth you shall dwell,
Make happy homes, live content, do well.
There should be gained from your union,
A heavenly home at the great reunion.

THE TINKEY FAMILY

Second Edition

Revised from 1922 to 1944

By J. CALVIN TINKEY, 1870 -

INTRODUCTORY

The Tinkey Family History that was compiled from many sources and printed in 1922 was not a complete work for the reason the necessary data could not be secured on account of the families being scattered over many parts of Ohio, Indiana, Pennsylvania and elsewhere. As was stated then, the work would be continued in the gathering of the data and at some future time it would be revised. We made progress with the work and in 1940 decided to print a supplement to the book of 1922. Sixty questionnaires were distributed to the heads of families with instructions to answer the questions and mail it to N. E. Tinkey of Mt. Vernon, Ohio, as he was and still is the recording secretary to keep a record of all births, marriages and deaths, etc.

Since 1940 special effort has been made to get the necessary information needed to complete the work of revising the genealogy of the Tinkey Family and to this date, July 1944, only 30 of the questionnaires have been received. This matter having been placed before the reunions of the Tinkey Families at Mansfield, Ohio, and at Jones Mills, Pennsylvania, where it was unanimously approved and many agreed to cooperate in the completion of the revision and the writer having agreed with the cooperation asked for to pay all expenses that the sale of what few 1922 books would not meet. Many trips have been made by automobile within the last four years to secure the data direct from the relatives at their homes, but with gas, tire and other restrictions on account of the World War No. II it became impossible to continue farther along this plan. Decided to proceed with the printing of what has been gathered at this time and leave the further revision to some more talented person and be satisfied to do this much for the posterity of the Tinkey Family during my lifetime as my years are fast passing away.

Have ordered 300 copies of this revision and there are still about 30 copies of the 1922 book to be sold of the 220 that were printed and it is recommended that a small charge of 50 cents be made for this revision and the book with the revision be sold for \$2.00 to help pay the expenses of printing and mailing. Orders sent to N. E. Tinkey, 503 E. Ohio Ave., Mt. Vernon, Ohio, will receive prompt attention. They will make a nice Christmas present to your family.

Have included in this revision a report of all births, marriages and deaths that have been sent to the recording secretary, no doubt there are many more that should have been reported. Would that a report of all our kinsfolk that are serving in the War for the preserving of our country could have been listed, but do not have the data, but the best we can do is to Pray Daily for them and all others for a victory if it be GOD'S will and a lasting peace so that we will have a glorious country in which to live.

You will note that this Genealogy is of the children of Frederick and Mary M. Tinkey of the 17th century. Frederick Tinkey's father was George Tinkey and his grandfather was Thomas Tinkey. Frederick Tinkey's children, John, George and Mary were listed quite well in the book of 1922 and this revision includes Jacob, Noah, Elizabeth and Susan but not complete and it is to be hoped that a more complete list can be made in the future. George and Mary lived near Bellville, Ohio, John near Ashland, Ohio, Jacob near Jones Mills, Pa. in the Laurel Mountains, Noah near Warsaw, Ind., and Elizabeth and Susan in Missouri and can not be located at this time.

J. Calvin Tinkey

FOREWORD

The Tinkey Family should have the book of 1922 and this supplement distributed among the membership until the supply is exhausted, in order to fortify yourselves with the necessary knowledge to help you with your daily problems of life and to keep informed of your kinship and know how to answer questions, should some of your family be unfortunate and enter a hospital or meet up with the undertaker, or be asked to prove your birth and parenthood in applying for insurance, annuity or a pension as many are doing these days.

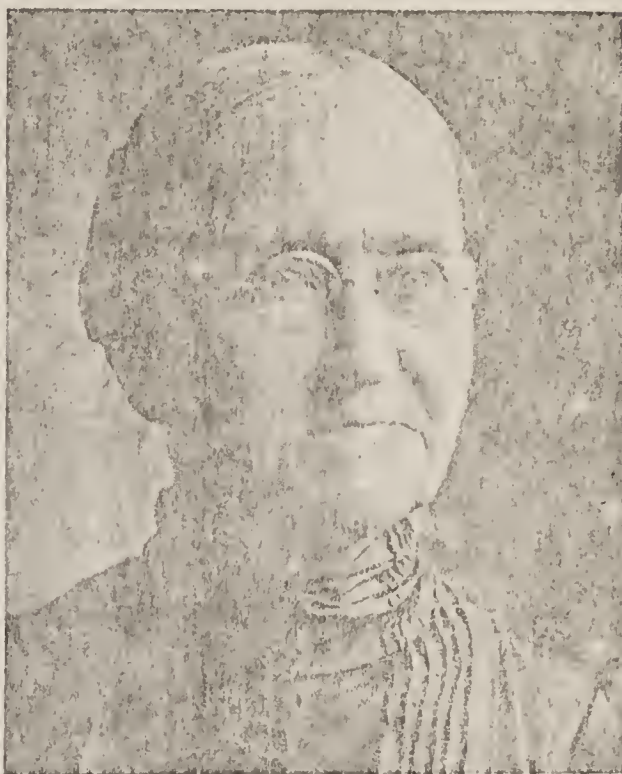

Many are paying more than the price of this Genealogy, which will answer most of the questions asked, some are paying excessive prices to prove their birth to persons that are preying upon the ignorance of the people. A few of the ways to prove your birth that is satisfactory to the authorities are as follows: Certificate of Birth, Affidavit from Doctor or Midwife, Affidavit from Parents, Relatives or some older person than yourself, Public School Record or Teachers of Schools or Sunday Schools, Record of insurance company when young, Family Bible Record, Family Genealogy Record, Vaccination, Hospitalization or Operation Record, or Record of Baptismal or Church Membership, and old Marriage certificate or photographs.

Secure this Family Record while the supply lasts and write down each and every event coming to your knowledge in the space provided just as I have done since the book was first published in 1922. I could tell you the name and date of every birth, marriage or death since July 1922 to July 1944 coming to my attention and even the place of residence, but of course they have not all been reported to me but all should be reported to my brother, N. E. Tinkey, Mt. Vernon, Ohio, the recording secretary. It will take too much time, space and expense to place it all in this revision, however will give you the figures; births 77, marriages 87 and deaths 113. You will note we are losing membership.

You can secure a lot of valuable information by studying the list carefully and know where you fit into the Genealogy by following the "Legend" as follows: BOLD FACE TYPE denotes Heads of Families or Marriages and "small type" denote the children if any. Starting with the 4th generation denoted by one "Asterisk" before the name, therefore three should be added to the number of asterisks before your name to inform you of the number of your generation, VIZ, should you have three asterisks before your name, it denotes you are of the 6th generation. The first figures given following your name denotes your year of BIRTH and the second is the year of DEATH when given like sample, 1860- or 1860-1938. Then you can easily figure the age of the person, which in this case would be 78. The Marriage is first recorded, then all the children from the eldest to the youngest by their given names, then the eldest to the youngest with their entire family is recorded in the order of their ages when known, for example see my father, JAMES TINKEY being the youngest child of GEORGE and ELIZABETH TINKEY, comes last on the list. Some families did not send the dates of birth and death and could not be correctly listed and the only thing now to do is to write in the dates or names when received until such time as it can again be revised. You will note there are several names alike, such as JOHN, GEORGE, ANNA, ETC. and without the correct data could not be placed so as to be understood, but where the asterisks and dates are provided you can readily place them where they belong. Also the..... denotes the end of that branch of the family.

GENEALOGY (As Revised July 1944)

Frederick Tinkey, 1778-1859
Mary M. Tinkey, 1780-1838

We informed you in 1922 that the first wife of Frederick Tinkey could not be located and a special effort was made for several years to locate her grave. Along about 1938 Mr. Glen Kilgore reported to the writer that while cleaning the Mt. Olive cemetery near Hastings, Richland county, Ohio, he discovered a grave marker of Frederick Tinkey. In 1942 an auto trip was made to this cemetery by brother N. E. Tinkey, cousins Ella Hillhouse and May Reynolds and the writer.

The epitaph on the gravestone is as follows: "Mary M. consort of Frederick Tinkey, died in 1838 at the age of 58 years." Thus her record is recorded 1780-1838. Frederick remarried. Then the question of who was the mother of his children arose and no one was found that knew. The writer, after making proper calculation from dates that were known to be correct, has recorded Mary M. 1780-1838 as the mother of all his children, and believes it to be correct.

Was informed Tuesday evening, August 22, at 8 p. m. by Mrs. Nettie Sheets at Palmyra, Ohio, that Mrs. Emma Tinkey of Butler, Ohio, was buried about the first of August and when an attempt was made to write, 1944, the year of death after her name, discovered that her whole family had been omitted from the record, even after the writer made a special trip to Butler to see her daughter Mary Marie Greer, who so graciously gave me their record. On Wednesday morning, August 23, called on our printer, Mr. C. L. Johnson, of Mt. Vernon, Ohio, who very kindly gave me the assurance that he would at once print the omission for insertion in the booklet. This follows James Allen, 1942, and ahead of Mary Willis, 1891-1932.

These twins were only 8 weeks old when the writer saw them on July 23 at Bellville, Ohio, while making this record. They were nicely nestled in their crib, feet to feet and Roberta opened her pretty eyes but Robert kept on with his nap. One has red hair and the other black, not quite sure now but think Robert has red hair. They are certainly cute.

Sorry that there can not be a better list of the Jacob Tinkey family of Pennsylvania but this is the best that can be done because they were not sent to us as requested, however while attending the reunion at Jones Mills, did get some information and listing it as understood to be. George Tinkey did not send a list of his family as well as some others, also you will note in the Noah Tinkey Family of Indiana there is not many dates given.

George Tinkey of Greensburg, Pa., not included unless the following are of his family, and can not place them properly because no dates given and do not know of what family branch they belong.

Lucy M. Reese,
Robert Reese,
Estella May
Charley,
Clarence,
Irsa D.,
Harold Raymond,
Melvin S.,
Robert Wilson,
John Russell.

Estella May Mellous,
George Mellous,
Mildred,
Lois,

Mildred Frend,
Audry Frend,

STELLA B. TINKEY

These 148 names are all that can be listed of the Jacob, well known in the Laurel Mountains of Pennsylvania as "Hunter Lake", and his wife, Mary Magdalene Tinkey.

Now YOU count them to see
if I have missed anybody. I
would not want to miss anyone,
especially while they are living,
for there is an old saying, "They
will be missed when they are
gone." Well, some are and some
are not, depends on the kind of
life they are living. Let us all
live the life that will be worth
while, doing our Master's will
and then we will gain a home
in heaven for our own souls and
perhaps be missed on earth for
a little while.

Suppose everybody is too busy to do any counting in order to learn how many there are of the ancestry listed in this booklet, so I will even do that for you. There are two ways of counting, first to learn the number of different people listed and, second, to learn how many actually are listed. First there are a total of 1207 different people listed and second, there are a total of 1505 actual listings which include some names being listed over again from two to three times, such as marriages, etc.

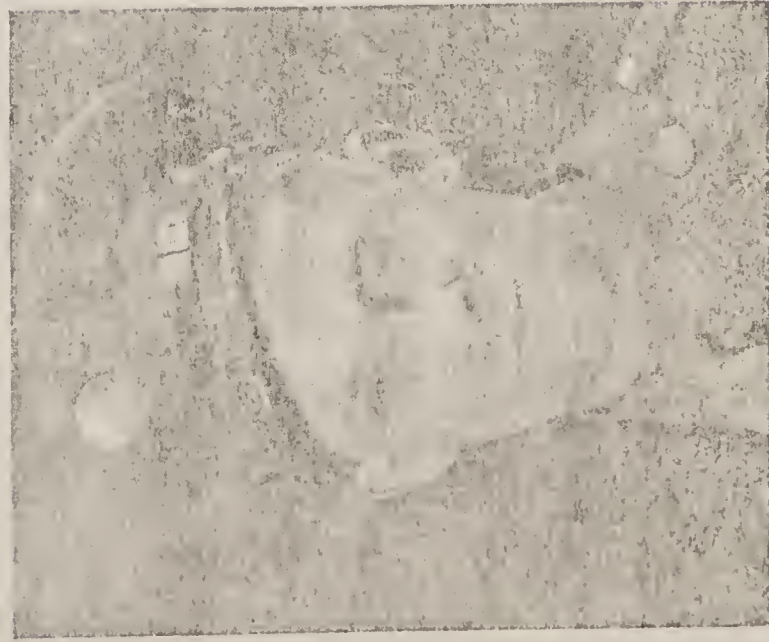

Certainly would like to see all of them at one reunion, hope to do this some day when we all meet in HEAVEN.

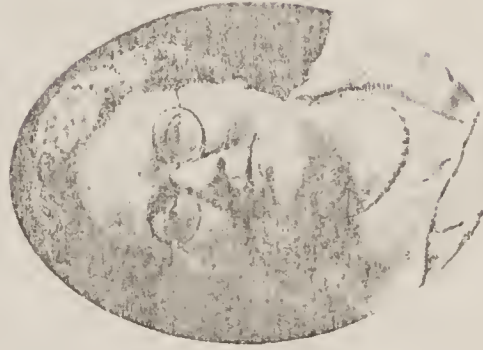

Reading from right to left are the eldest to the youngest of the JAMES and MARGARET TINKEY Children. Taken in 1926.

Reading from left to right are all their children, grand children, husbands and wives. (See Record)

REPORT OF AN INTERESTING LETTER

In 1851 Adam and Elizabeth Harter wrote a letter from Grindstone Point, Dekalb County, Missouri, to Mrs Harter's father, Frederick Tinkey, a pioneer resident of two miles east of Bellville, O., telling of their six children, naming each of them. Special effort has been made for several years to make contact with the Harter and Snyder families, with but little being accomplished.

The writer has read this most interesting letter which is now in the possession of Mr. Bernard Tinkey of Ashland, Ohio, but not having the letter before me I am telling some of its contents from a newspaper clipping that is in my possession and that is the way I listed the names of the children of Adam and Elizabeth Harter. The letter consists of a single sheet, folded and sealed with wax, there were no envelopes in those days and the recipient (Frederick Tinkey) was required to pay the postage of 12½ cents or more depending upon the distance traveled.

The Harters lived southwest of Peerysville, Ohio, before going west and the letter urged Father Tinkey to come to Missouri and make a big speculation by entering land before it was all taken. Said work cattle was 40 to 50 dollars, cows 10 dollars, pork \$3.00 per hundred, corn 75, potatoes 50, oats 25 cents a bushel. He built a Horse Mill on his 160 acres and that he paid \$600.00 for it and holds it now for \$10.00 an acre.

There is quite a difference between nearly 100 years ago and 1944, then in the horse and buggy days with a terrific speed of 10 miles per hour and a \$200,000,000 dollar National debt and a man worked from sun up to sun set for \$1.00 per day compared with now a speed of 90 miles per hour by Automobile but restricted to 35 by orders of the war board to conserve gas and tires or 200 miles per hour by airplane and a \$200,000,000,000 dollar National debt with wages at 8 to 15 dollars per day of 8 hours with time and one-half for overtime and double pay for Sunday and holidays. Work cattle or (oxen) are not quoted on the market as there are only a very few in existence. Cows \$80, pork today \$12 per hundred, corn \$1.20, wheat \$1.58, potatoes \$3.00 per cwt., oats 75, rye \$1.09, barley \$1.00, eggs 35 to 45 and butter 47 cents per pound. Then there was no war but now nearly the whole world is at war against the Axis which consists mostly of Germany, Italy, Japan pitted against Russia, Britain, China and the United States and the smaller countries. At first Germany took a lot of territory from Russia, France, Poland, etc, and Japan took a lot from Britain and the United States but as the matter stands at this writing the most of it has been won back with Italy out of the war, Rome has fallen and the Germans are being driven out of Italy, they are now about 90 miles north of Rome which was saved from bombardment and ruin. Russia is coming through Poland with a vast army and now close to Warsaw. Britain and the United States have crossed the channel with a huge army and are now firmly established on French soil and on their way to Berlin. Germany is being bombed night and day with thousands of bombs dropped from bombing planes causing much destruction and Germany is sending robot planes over London causing considerable damage but they are being destroyed by secret processes and the prediction is, that the war will end this fall with Germany and Japan losing the war. Then it will be an enormous plan to secure a lasting peace. Many people believe that this may be the war of Armageddon, if that is true, then it will end all wars, but if not true, then we may look for another war in 20 years. Let us hope and pray that there will be no more WAR. The most sad part of it is our ancestry was traced to Essen Germany which means the Tinkey's are compelled to fight their own relation.

Going back again to our Great-Great-Grandfather Frederick Tinkey, it does not appear from any record in our possession that he took the advice of the Harters,

to go to Missouri and take up land and we judge that he was one of the Tinkeys that used his own mind and judgment in deciding such matters and that he believed in the motto "that a rolling stone does not gather any moss," or that, "better leave well enough alone" and stayed upon his farm along the Clearfork river. His farm joined my father's farm to the east where all of us children were born and the old cemetery lay between the two farms, (See record) and picture in book.

Mr. W. J. Tinkey the father of Bernard and a nephew to the Harters who is still living at Ashland, Ohio and is 93 years old is recorded in the paper of having made a trip to Cameron, Mo., back in 1876 and at that time the Harters had passed away. The writers were enthusiastic over the prospects of further prosperity. The railroad from Hanoble to St. Joseph was to run close to the Harter farm. The county was being settled rapidly and a railroad from the Mississippi to the Missouri rivers was crossing the county near them.

It figures out that the Old Frederick Tinkey Homestead between Butler and Bellville was sold in 1860 to A. L. Garber's father and has been known ever since as the Garber farm.

The writer well remembers back in the eighteen eighties when the two brothers, Bentley and Dora Garber lived on the old Tinkey Farm. Bentley in the old brick house that is there to this day and Dora in the newer building to the east.

Since writing the above there has been two political conventions held in Chicago. The Republicans nominating for president Thomas L. Dewey, governor of New York and for vice-president, our own governor of Ohio, John W. Bricker. The Democrats nominated for his fourth term of four years each for our president, Franklin D. Roosevelt. A precedent that has never been done in the history of our country, two terms previously being the limit. Now there will be a contest till election day in November. Senator Truman of Missouri has been nominated for Vice President. Whether by the old tried and experienced men or the new inexperienced men at the helm. Germany is having internal trouble with the fuhrer, Adolph Hitler, threatened with assassination and ready to flee the country by airplane after killing some of his military officer enemies and leaving the country in revolt. Tojo of Japan has been removed from office and General McArthur is fast approaching Japan with his huge navy. General Eisenhower is making Germany retreat from France and Stalin from Russia and Poland. I am joining in the prediction that the main fighting will end before another Christmas.

SPECIAL NOTICE

There is one more very important matter that should be given attention by all of the Tinkey Clan. Viz; Frederick Tinkey our progenitor that this revision emphasizes in the Genealogy of his family and as Rev. George W. Willis and the writer mentioned in our epitomes of the Tinkey Family and as shown in the book of 1922 was buried upon his farm about one-half way between Bellville and Butler Ohio with his son George and wife and 12 others of the relatives. We repaired the broken tombstones that cattle had damaged and gave the cemetery a general cleaning in 1922 but last year the tombstones were hidden with briars when we visited the cemetery and after a request to the county authorities the briars were cut but left where they fell making it almost impossible to get into the cemetery especially for ladies. Last week several of the Tinkey's again visited the cemetery but the briars and weeds were so tall and thick that we could not enter the ground much less get back to the graves of our ancestry. It is my candid opinion that placing the cemetery here was one error of judgment on the part of our grandfather, Fred-

erick Tinkey. It is a shame and disgrace to the Tinkey family to have a condition like this and the writer makes the following suggestions: Either abandon the cemetery by having the bodies removed to Bellville or the Four Corners cemeteries if this can legally be done, where there is an upkeep provided and kept in a respectable condition at all times, OR, secure a caretaker to work with the Trustees, whose lawful duty it is to keep the weeds and briars mowed and pay the caretaker from the reunion fund and the sale of these books what is over and above the expense of printing the revision. Perhaps the last method would be the cheapest but not the best, provided we could not sell the land for enough to pay the removal. We suggest that a committee be appointed from the reunions to investigate this matter at the earliest possible time. We understand now that there will not be a reunion held in Pennsylvania this year but that there will be one held at Mansfield this year at St. Johns Park on the 4th Sunday of August, 1944.

Most Truly and Very Respectfully Submitted,

BE KIND TO FATHER

Dear child, be kind to father,
 For he's been kind to you;
 He's sought to lead you safely
 Your life's brief pathway through.
 He's cared for you and loved you,
 He's tried to save you pain,
 And given kindly counsel—
 I hope not all in vain.
 He wants to see you happy,
 He wants you to be true;
 His hopes and pride are centered,
 Believe it, child, in you.

How much of joy and comfort
 Is in your power to give
 This faithful, loving father,
 If rightfully you live.
 Be manly, true, and honest
 In everything that's done,
 And show him that his counsel
 Is treasured by his kin:
 Be kind when old age sprinkles
 Its snowflakes in his hair,
 And make his last days happy,
 With loving words and care.

REMEMBER MOTHER

Yes, remember mother. There is no other love so constant, so self sacrificing, so enduring as a mother's love. She it was who first imprinted the kiss of love and affection upon the baby cheek; she it was who guided your childish steps and chose the smoothest paths, she it was who listened to your meaningless, childish prattle and wove it into language; she it was who hushed you to sleep with softest lullaby, and she it was who taught you "Now I lay me down to sleep," the sweetest prayer of lisping infancy: she it was who, when the lamp of reason first dawned on the mind, guided you into virtue's paths, and bade you shun the thousand pitfalls which lead to moral wreck and ruin; she it was who, when you entered life's arena to battle with the busy, contending throng, placed her hand upon your head and prayed heaven to bless and keep her darling child, bade you God speed, and 'mid sighs and tears asked that home and mother might not be forgotten. The prayer of infancy, of childhood, of youth, is with you yet, and wherever you may go, whatever fate may befall you, the mother love is as fervent as in the long, long ago. The eye may be dimmed, the hair may be silvered, the form may be tottering—all prophetic that the end is near, but the lamp of love still burns as brightly as when first she clasped you to her bosom—her darling babe. Yes, remember mother.

This is Sunday, July 9th, 1944 and this is the last paragraph that will be written as the manuscript will be ready for the printer tomorrow and to be openly frank with all my kinsfolk it is the last that will be written by me, for it is too much of a task for a man in his 74th year that has been badly crippled by being kicked around by two automobiles and in the hospital twice for major operations to sit and write by the hour on a typewriter, and have to use the "hunt and peck" system and be four years in making up the copy for the printer. He has several times of giving the job up in fact offered it to others but none wanted the JOB . . . was very anxious in editing the work before passing over the river Jordan and very thankful to the Good LORD for sparing my life and giving me strength to finish the task. Hope it will be appreciated and that we will all meet in the sweet bye and bye.

FAREWELL, FARE-THREE WELL
